To Love, To Inspire – To Achieve!

Discipleship Embodied • Partnership Embraced • Scholarship Celebrated • Leadership Modeled • Citizenship Personified

January 2010

Dear Parent or Guardian:

New York State Education Department guidelines *require physical examinations for all new students, and all students in Pre-Kindergarten, Kindergarten and grades 2, 4, 7, and 10.* The physical examination needs to have been completed within 12 months of the first day of school in September. This physical examination will need to include BMI and weight status category, as reported by your healthcare provider. *A copy of your child's immunization record must accompany the physical exam and is required for our records.*

A law was recently enacted that expands health screenings to include the dental health of students in New York State. You are requested to furnish a dental health certificate from your dentist. Once it is completed, it should be returned to the school's main office and will be filed in your child's Cumulative Health Record.

The *physical examination is required by law*, while the dental health certificate is a request (optional). Attached you will find both forms that need to be completed for your child. Please have your healthcare provider and dentist complete both forms and *return them to the main office at the start of school in September.*

Sincerely,

Cynthia Sharpe, RN

 Provider's Name/Address: _____ Fax: _____

This exam complies with NYSED requirements above and is valid for twelve months, with the exception of any illness or injury lasting more than five

Dental Health Certificate- Optional

Parent/Guardian: New York State law (Chapter 281) permits schools to request a dental examination in the following grades: school entry, K, 2, 4, 7, & 10. Your child may have a dental check-up during this school year to assess his/her fitness to attend school. Please complete Section 1 and take the form to your dentist for an assessment. If your child had a dental check-up before he/she started the school, ask your dentist to fill out Section 2. Return the completed form to the school's medical director or school nurse as soon as possible.

Section 1. To be completed by Parent or Guardian (Please Print)

Child's Name: Last First Middle

Birth Date: / / / Sex: Male Will this be your child's first visit to a dentist? Yes No
Month Day Year
 Female

School: Name Grade

Have you noticed any problem in the mouth that interferes with your child's ability to chew, speak or focus on school activities? Yes No

I understand that by signing this form I am consenting for the child named above to receive a basic oral health assessment. I understand this assessment is only a limited means of evaluation to assess the student's dental health, and I would need to secure the services of a dentist in order for my child to receive a complete dental examination with x-rays if necessary to maintain good oral health.

I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing or continuing doctor-patient relationship. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.

Parent's Signature _____ Date _____

Section 2. To be completed by the Dentist

I. The Dental Health condition of _____ on _____ (date of exam) The date of the exam needs to be within 12 months of the start of the school year in which it is requested. Check one:

- Yes, The student listed above is in fit condition of dental health to permit his/her attendance at the public schools.
- No, The student listed above is not in fit condition of dental health to permit his/her attendance at the public schools.

NOTE: Not in fit condition of dental health means that a condition exists that interferes with a student's ability to chew, speak or focus on school activities including pain, swelling or infection related to clinical evidence of open cavities. The designation of not in fit condition of dental health to permit attendance at the public school does not preclude the student from attending school.

Dentist's name and address (please print or stamp) _____ Dentist's Signature _____

Optional Sections - If you agree to release this information to your child's school, please initial here.

II. Oral Health Status (check all that apply).

- Yes No **Caries Experience/Restoration History** – Has the child ever had a cavity (treated or untreated)? [A filling (temporary/permanent) OR a tooth that is missing because it was extracted as a result of caries OR an open cavity].
 - Yes No **Untreated Caries** – Does this child have an open cavity? [At least ½ mm of tooth structure loss at the enamel surface. Brown to dark-brown coloration of the walls of the lesion. These criteria apply to pits and fissure cavitated lesions as well as those on smooth tooth surfaces. If retained root, assume that the whole tooth was destroyed by caries. Broken or chipped teeth, plus teeth with temporary fillings, are considered sound unless a cavitated lesion is also present].
 - Yes No **Dental Sealants Present**
- Other problems (Specify): _____

III. Treatment Needs (check all that apply)

- No obvious problem. Routine dental care is recommended. Visit your dentist regularly.
- May need dental care. Please schedule an appointment with your dentist as soon as possible for an evaluation.
- Immediate dental care is required. Please schedule an appointment immediately with your dentist to avoid problems.
